MME. ED. HERRIOT

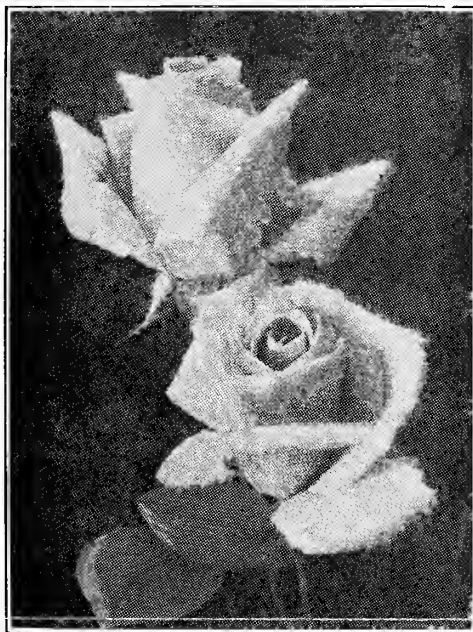

Coral-red, shaded with yellow and bright rosy scarlet. Strong with bright green, glossy foliage. Made famous when it won the London Daily Mail Gold Cup.

Its color is a definite and lovely sunflower-yellow deepening in the center and it retains this color indoors and outdoors, in bud and open bloom. Buds are produced on long, stiff stems.

DUCHESS OF WELLINGTON

Intense saffron-yellow, stained with deep crimson, changing to a deep coppery saffron-yellow as the flowers are fairly full, with large petals, great substance, delightfully fragrant and very free flowering.

RED RADIANCE

A counterpart of Radiance from which it is a sport possessing all the good traits of that valuable variety but differing in color which is a bright cerise-red.

LOS ANGELES

A luminous flame-pink, toned with coral and translucent gold at the petals; buds long and pointed which expand into a beautiful and fragrant flower.

MME. BUTTERFLY

Flowers a brilliant pink suffused apricot and gold; buds a rich Indian red and are carried on erect stems; foliage and habit of growth unsurpassed.
